7000 Series Model – Voluntary Recall Guide

Attached is the list of item numbers and model numbers for the 7000 Series gas valves and components that are being voluntarily recalled. Only units with a date code of 0306 through and including 0436 are included in the recall. Please contact us at 800-232-9389 or by email at 7000recall@robertshaw.com for instructions for returning the products and receiving reimbursement.

7000 Series Model – Voluntary Recall Guide

Only valves manufactured from Feb. 03 through Sept. 04 with production date codes of 0306-0436 are affected. Within that group, consider in order listed:

Actuator/Other Feature	Fuel Type	
	LP (“LP”)	Natural Gas
Letters below refer to elements of model numbers		
Models 7010 and above	No Recall	No Recall
Solenoid Valve “D”	No Recall	No Recall
No Safety Magnet “GV”	No Recall	No Recall
Electric “E”	Recall	Recall
Gas Operated “GO”	Recall	Recall
Hydraulic “S”	Recall	Recall
Manual “M” (when not followed by V)	Recall	Recall
Millivolt “MV”	Recall	No Recall, see exceptions below

EXCEPTIONS: The following five natural gas millivolt models are exceptions to the “MV” rule and are also being recalled: 7000AMV; 7000BMV; 7000BMV-S7CL; 7000MVL; 7000MVRCL. In addition to these specific “MV” model numbers, “MV” valves with the indicated date codes that have been converted to Liquid Propane (“LP”) gas use, are also included in the recall.

Below is a full listing of items and model numbers of the recalled valves:*
